Elegance and pure functionality for your kitchen.

## The sink and worktop, integrated.

Orion embodies perfect continuity between the worktop and sink. Lapitec® slabs seamlessly transform into Orion, maintaining the colour of the worktop while ensuring practicality and an easy-to-clean surface.

### Available colours

Bianco Polare  
Bianco Assoluto  
Grigio Cemento  
Nero Assoluto

### Available models

Orion 130 (70x40 cm - 28 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ " )  
Orion 105 (50x40 cm - 19 $\frac{5}{8}$ " x 15 $\frac{3}{4}$ " )

Tested by Lapitec®, Orion is composed of acrylic resin and ceramic powder, guaranteeing perfect chromatic harmony between the sink and matching worktop. Orion comes in two models, Orion 130 and Orion 105, to offer the option of a double bowl sink. The curvature of the angles has been designed to be easy to clean, with excellent aesthetic results. Orion comes with a pop-up drain stopper, a Lapitec® branded overflow drain, a siphon and installation instructions.
